CGS KICKOFF 2025

We enjoyed inviting Girl Scouts to WPI's Campus and celebrating the founding of our Campus Girl Scouts club with STEM activities for all ages. Our event featured lava lamps, potato batteries, cardboard bridges, paper helicopters and more!

WPI'S GIVING DAY

Campus Girl Scouts at WPI participated in WPI's 2025 Giving Day, which is a large fundraising opportunity for clubs on our campus. Through Giving Day and everyone's generous donations, we raised over \$1300 that will be put towards bringing STEM to the girls in our community. We are so excited to continue the work we're doing and we're so thankful for everyone's support.

Our President, Kristen Thebeau, got pied in the face since we raised over \$1000!!

Thank you to everyone who donated to our new club. You are all helping us to make a large impact on our community. We're so grateful!

CGS ICE SKATING

Campus Girl Scouts at WPI members enjoyed ice skating on our WPI Wellness Day. We believe in the values of Girl Scouts still as adults and one of the core values of Girl Scouts is sisterhood bonding. As we start our club, our goal is to create a community that cares for one another and has fun together, which includes Galentine's Day ice skating!

Badge Workshop

Campus Girl Scouts at WPI members volunteered with a local troop for a badge workshop. These young daisies and brownies worked hard to earn the mechanical engineering badge, as they learned all about what engineering is from Campus Girl Scouts. Thank you so much Troop 65355 for having us!
