UPCOMING EVENTS:

We were so happy to have had a busy start to the semester with so many amazing events for community outreach and STEM education! We are looking forward to continuing to bring STEM education to girls in the area through upcoming badge workshops!

General Body Meetings

This past term we spent a lot of time planning for our STEM education events during our General Body Meetings. We also had some fun, by playing Jeopardy and painting pumpkins.

Our final meeting of the term we had a de-stress event where we got into the fall spirit by painting pumpkins!

Blood Drive

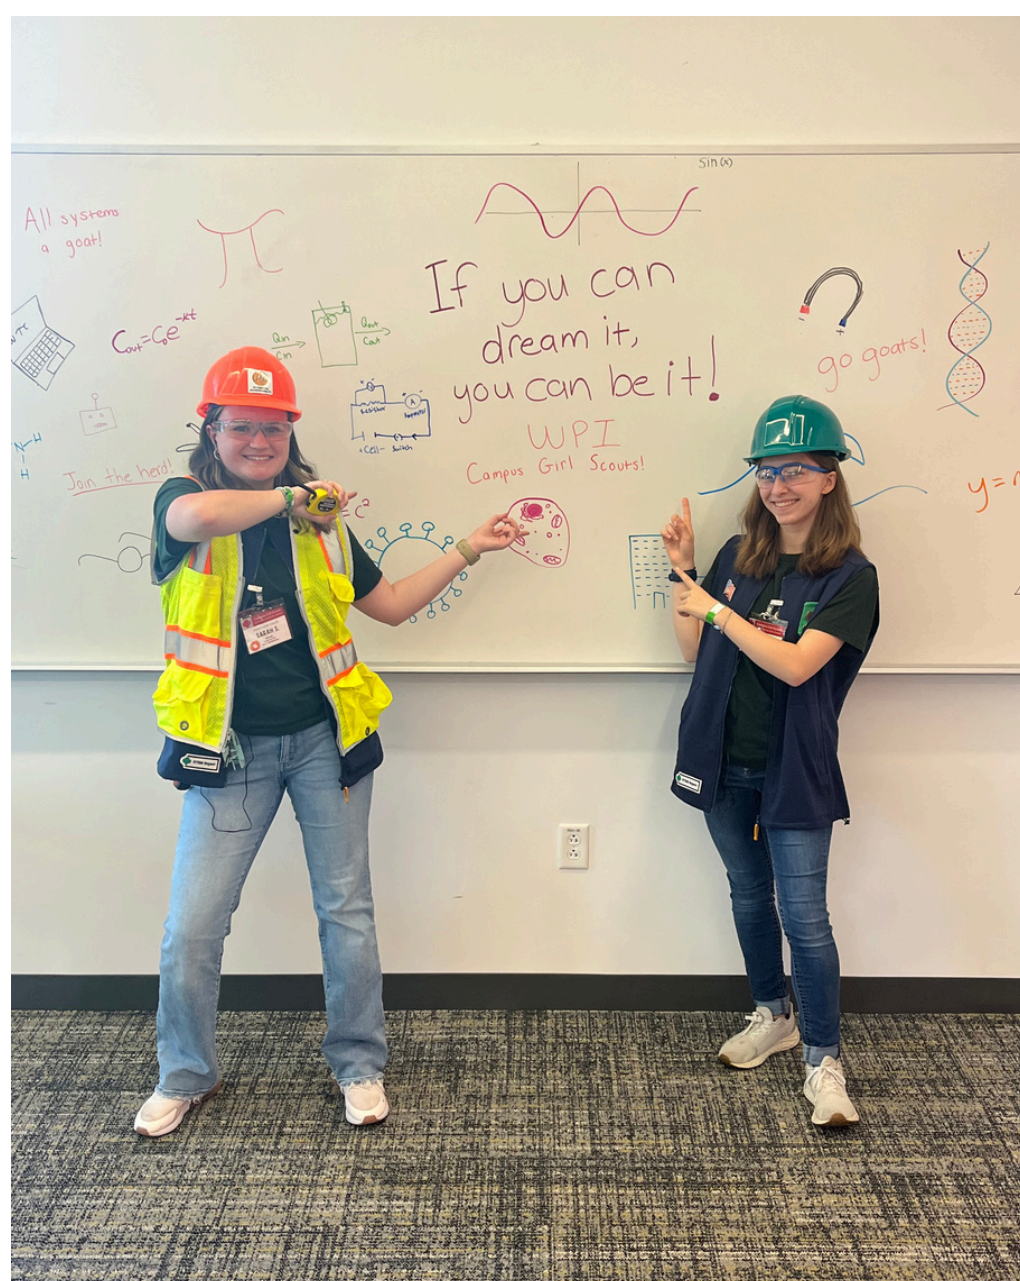

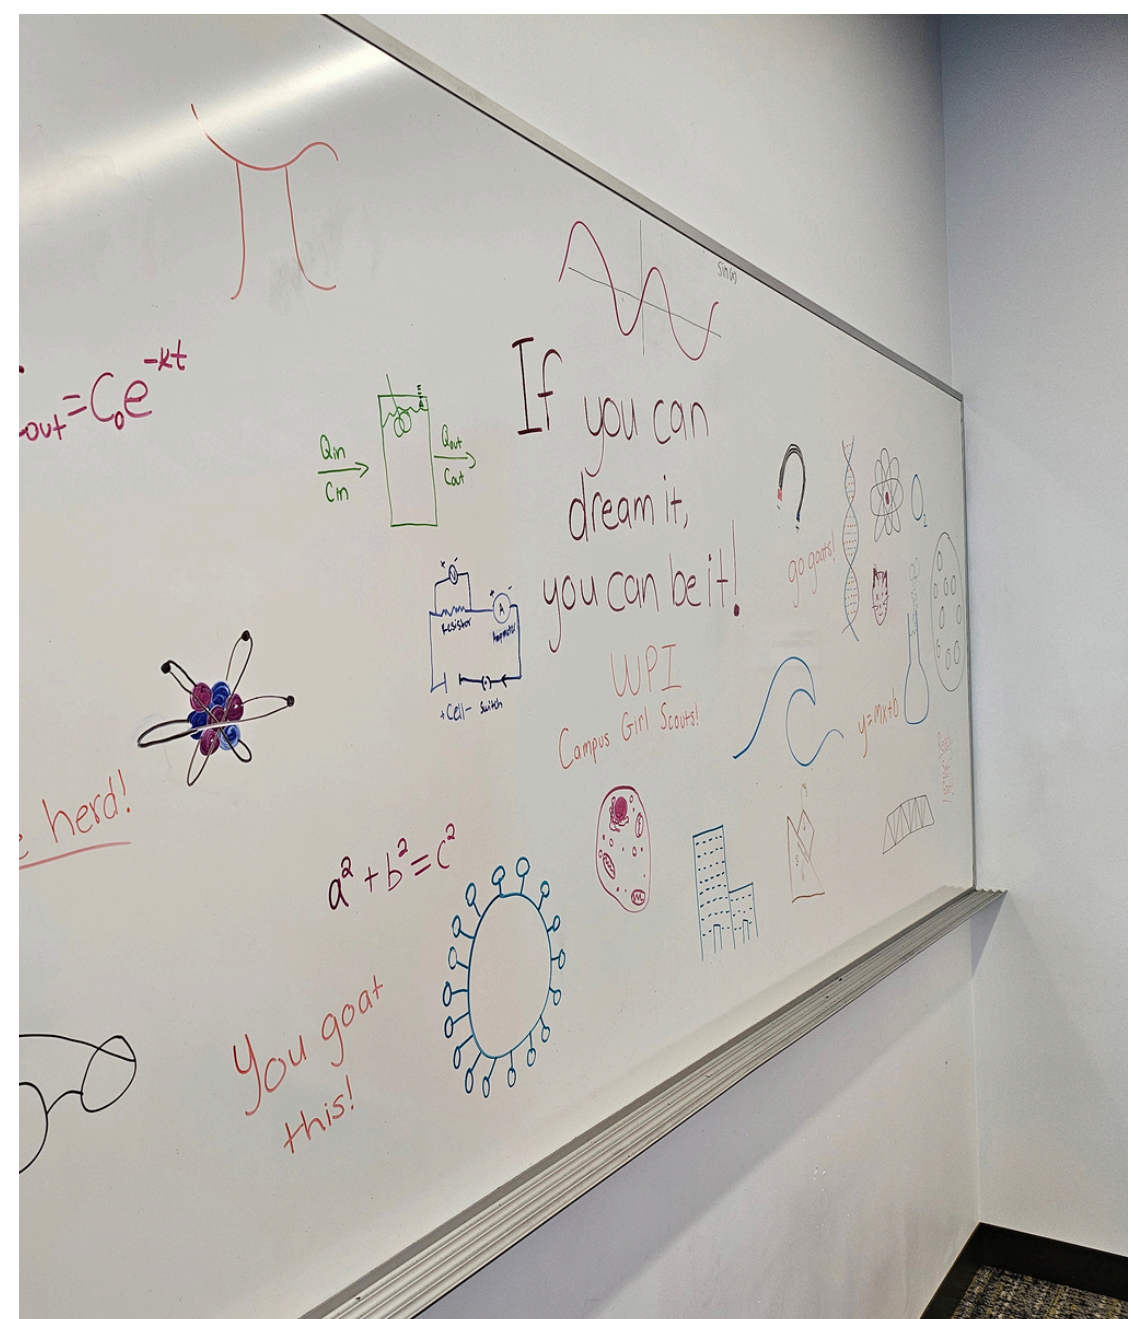

Campus Girl Scouts hosted a blood drive with the help of Massachusetts General Hospital's Bloodmobile bus. There were a total of 50 successful donations and this was the first on-campus blood drive in almost 20 years!

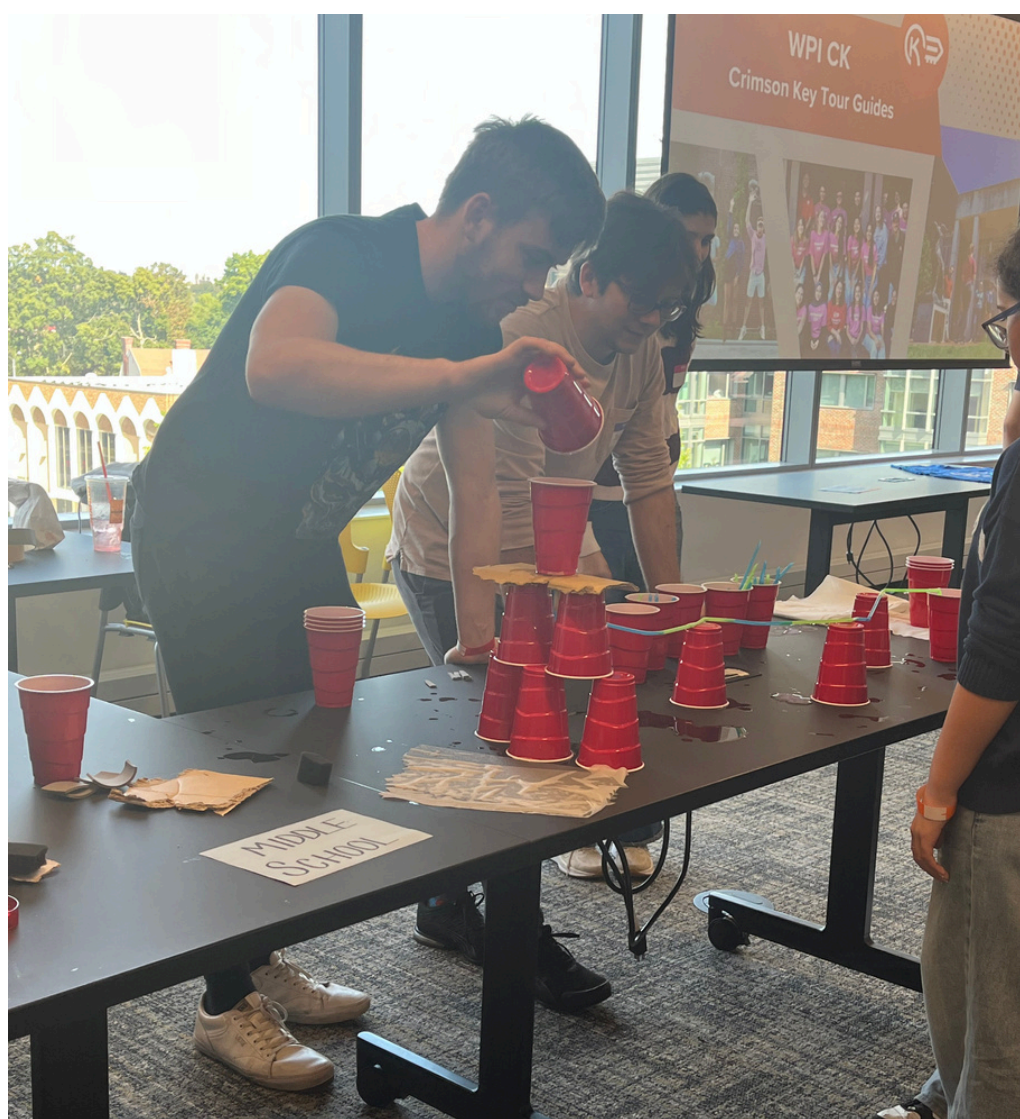

STEM In Action

Campus Girl Scouts hosted its first ever STEM in Action event. We partnered with 12 academic clubs on campus to bring a day of learning to the local community. Middle and high school students had the opportunity to learn about different areas of STEM from buildings and concrete to robots and rockets.

STEM In Action

Homecoming

Campus Girl Scouts at WPI had the opportunity to participate in WPI's Homecoming event. We got the chance to get to know some alumni and share our club's mission. We showed everyone how to make Special Whatcha-ma-call-its Affectionally Pinned Somewhere (SWAPS)!

Giving Day

Campus Girl Scouts participated in WPI's annual Giving Day, which is a large fundraising opportunity for clubs on campus. Through everyone's generous donations we raised over \$2000 that will go towards providing STEM education to students in our community. We are so thankful for everyone's support and look forward to continuing the work that we do.

Thanks to everyone's generous donations we were able to reach our goal of \$1500 and had the opportunity to pie our President Kristen earning us an extra \$500 bonus! Thank you to everyone who donated to help support STEM Education.

Geek Is Glam

Campus Girl Scouts joined Girl Scouts of Central and Western Mass for Geek is Glam on WPI's campus. Girls learned about density and chemical reactions by making lava lamps using vegetable oil and Alka-Seltzer tablets. Thank you GSCWM for inviting us! We look forward to more partnerships!
